- Lander, Frederick West, 1831-1883.**
Report of the reconnaissance of a railroad route from
Pupet sound via the South pass to the Mississippi river.
By Fred. W. Lander, civil engineer. (Washington, A. O. P.
Nicholson, printer, 1855).
58 p. 24 cm. (Is U. S. War dept. Report of the secretary of
war communicating the several Pacific railroad explorations ...
(Washington, 1855, v. 3, at end).
U. S. 25d Cong. 1st sess. House. Ex. doc. 129, v. 3, at end.
The copy originally catalogued was a photostat, reproducing on 58
lines (verses blank) the 2 protin. leaves and p. 5-58 of an original
uniquely printed copy in the Library of the U. S. Geological survey,
Washington, D. C.
This exploration was made by the author at his own expense. By
a resolution of the Legislative assembly of Washington Territory,
March 7, 1854, the report was offered to the U. S. Congress for publication.
By a resolution of the House of representatives, Aug. 8,
1854 it printing was authorized, together with "the reports of surveys
for a railroad to the Pacific." The report was included in the "Com-
pendium of this series, as the last form of v. 3, but it was not mentioned
in "List of documents accompanying the Report of the secretary of
war," v. 1, p. 42-43. The printed copy is uniform in style with the
other reports of the above series.
The report now in the Library of Congress is a printed copy trans-
ferred from the library of the U. S. Geological survey, Oct. 10, 1884.
